

Women's Institute
Works For Sailors

Those who have taken part in the organization of various efforts in support of the present war are familiar with the generous response invariably received from residents of the Majestic-Parrell-Lake district. Indeed, it is not too much to say that in whatever war work the Majestic-Parrell-Lake people are asked to undertake to perform, whether the solicitation of funds for the Red Cross, subscriptions to War Loans, or the collection and transportation of scrap metals, they can always be relied upon for a 100 per cent job.

Like many other districts, Majestic-Parrell Lake has its branch of the Women's Institute, now busily engaged in Red Cross work. Among its activities, not so generally known, these women are taking part in the provision of "ditty bags" for sailors. (A ditty bag, it may be explained, is a kit bag, except that it is blue in color and that its contents are different in make-up).

The work is being performed at the request of the Navy League of Canada, which this year has sent out a call for 100,000 ditty bags, three times the number asked for last year. They are used to supply various needs: some being sent to Allied Seamen's Clubs to be given to shipwrecked sailors, or as Christmas gifts to men of the Merchant Navy, the Canadian and Empire Navies, and to sailors of all the Allied Nations.

The Majestic-Parrell Lake W. I. sends one ditty bag every month to the Navy League.

Each bag contains a pair of hand knitted socks donated by the Institute, while every member contributes some comfort each month to the bag. Other interested parties have also donated. The ditty bag is accompanied by a list of contents, and is supplied by the Emergency Fund of the Alberta Provincial Institute. The following is a sample list of the contents of the ditty bag supplied by the women of this Institute for the month of July:

Tooth paste, soap, loaf sugar, cream and condensed milk, extra paper and toilet tissue, handkerchiefs, safety pins, and also loaves, cigarettes, mending wool, safety pins, cuff, date band, tooth kit, tooth brush, cream, gum, shoes, chocolate, large cake, toilet soap, toilet paper, pipe and tobacco, soap, comb.

With regard to the mixed contents noted above, it should be explained that sailors have not the convenience and ready access of the dry cleaners ever ready to hand, as have so many of our land forces. On the contrary, as most people are aware, sailors may be at sea any length of time, from one week to several months.

This is a fine work, and that it is highly appreciated is evident by this extract from a sailor's letter quoted by the Navy League:

"We had a Christmas tree, Mom, and the Navy League of Canada sent us ditty bags with socks, pens, several small toiletries, gum, chocolate bars, etc. These bags were distributed among us just before Christmas and the fellows were just like a bunch of kids opening them, because we had left too early to receive any Christmas boxes from home, and this was about all some of the boys did get."

Shipboard steel can be kept clean with a grime cleaning powder or very fine steel wool, otherwise the steel washing is tedious and dry.

On Duty in Britain

Alexander John McDonald (AJM) has arrived safely in Britain to work with the other members of the CBC Overseas Unit, after graduating from Queen's University in 1938, worked at the University radio station for two years before joining the CBC. He was in charge of recorded features during the Royal Tour in 1939, and was executive of recorded programmes at CBC Toronto Studio until he left for overseas.

15 Minutes For Canada

Delia students observed the "Fifteen Minutes for Canada" by selling only War Savings Stamps between the period of 3:30 and 3:45 p.m. on Thursday, Sept. 10. The day was fine and sunny after many days of inclement weather, which had an adverse effect upon the number of people in town during the afternoon. A total of \$77.75 was realized by the sale of stamps from the following stores:

- D. H. Campbell Grocery... \$54.25
- Farmers' Co-Op Store... 9.75
- Ken. Harcus Grocery... 7.50
- Crown Lumber Store... 6.25

\$77.75

With the R.C.A.F.

MACLEOD, Alberta.—An exceptionally large class of pilot graduates Thursday night, August 27, from No. 7 Service Flying Training School at Macleod, Alberta, with Wing Commander R. F. Desnoyers, Commanding Officer of the station, making the presentation of Brigs badges to the successful alumni. The evening reception was attended by a large number of relatives, close relatives and friends of the students. J. C. Jackson of Delia, Sask., and well known in Wynand, Sask., who is stationed high school and was a popular member of the hockey and football teams of that town, was a former student among the graduates which were made up of Canadian and American students.

Many well known athletes were among the pilots to complete the course, and included L. A. Arner of Brimfield, Sask., and F. H. Bidell of Regina, both of whom attended Notre Dame College, Wex. Sask., where they were active in baseball and football, as well as R. O. Hines of Delia, Sask., who is of the R.C.A.F. since 1937 and is outstanding athlete in track meets.

Among the students graduating from Alberta were J. B. Anderson, J. M. Barclay, W. E. Ramsey, R. Steele, Calgary; A. J. Farrell, A. Knackner, R. E. Hines, Delia; M. C. McLeod, E. A. Hoke, Edmonton; E. J. Hume, Monteville; R. G. Leeson, Drumheller; R. F. Walcott, Delia.

WOMEN'S DIVISION R.C.A.F.

On Wednesday, Sept. 2, a half hour program from the Recreation Hall of the Women's Division of the R.C.A.F. was broadcast over CFAC, Calgary. Among the features were tap dancing by seven of the girls, singing, and a general outline of the recreational facilities after the day's work is done.

Several of the women serving were interviewed, and described their army activities. Some were hospital or laboratory assistants, one a truck driver, another a librarian, while a section officer gave her experience of life with the Women's Division.

These girls, some of whom gave their home addresses at Vancouver, obviously were pleased with their choice in serving with Canada's Air Force, and joking by hinting at going on in the fall, they were certainly having a good time.

Radio Station CFAC, Calgary, Alberta, will broadcast another half-hour program of entertainment and information from the R.C.A.F. Women's Division at No. 3 Service Flying Training School, Calgary, from 9:30 to 10:00 p.m. on Monday, September 14. The program will be impromptu, and will describe the activities of the Women's Division on station.

TAPE WORMS IN TURKEYS

This year more utility and dead poultry, as well as mature turkeys, have been sent to the Provincial Veterinary Laboratory, Edmonton. Post mortem examinations have shown that a large percentage of these turkeys are afflicted with tape worms, and in fact this internal parasite can almost be said to have reached epidemic proportions.

Strict sanitation should be practiced, and care taken to see that mature dumps, etc., are as far away from the turkeys as possible, as the intermediate host for tape worms is the fly. One of the best known and cheapest treatments for tape worms is the Ipe treatment. Its application is as follows:

One tablespoon of kerosene oil is added to one gallon of water or other grain, the mixture covered with water and cooked for two hours. The flock is fasted for twelve to fifteen hours and then given as much of the treated grain as they will eat, with plenty of drinking water available. The birds should be confined for twenty-four hours following the administration of any treatment, so that the droppings may be collected and burned.

Serve by String—Buy War Savings Stamp regularly.

U. F. W. A.

With Mrs. W. L. Carter presiding, the August meeting of the Delia U. F. W. A. was held last Thursday.

It was reported that \$24.35 was sent in for the Milk for British Fund. This amount was raised by dance and the raffling of a quilt by the U. F. W. A., Mrs. A. Stevenson of Calgary, winning the draw. Usual business being concluded, Mrs. Holt. Miss presented her program. The Misses Eide and Josephine Marshall contributed a song. Mrs. (Ror) Taylor gave a splendid reading.

Mrs. Alex. Fletcher and Mrs. John Wilson, as hostesses, served a lovely tea. Mrs. Chas. Church will provide the program for September.

Certain Types of Free Grain Sale Permitted

The Wheat Board has announced that there are no restrictions on farm to farm transactions in feed and seed purposes and sales made direct by producers to feeders (not for resale). It should be understood, however, such transactions must not involve the use of licensed chaff cutters or railways cars. If they do they must obtain the quota and with all the other regulations, quotes and instructions of the Board.

Estimates Big Crop This Year in Western Canada

A total yield of all grains in Western Canada this year of 1,350 million bushels is estimated by the Winnipeg Tribune. If this is realized, it will be the largest crop in Western Canada's history.

The Tribune estimates average per acre yields as follows:

Wheat	— 25 bu. per acre
Oats	— 40 "
Barley	— 32 "
Flax	— 11 "

Edmonton Fall Show
October 14th to 16th

The 14th, 15th and 16th October are the dates indicated for the 1942 Edmonton Fall Show and Sales, according to an announcement by the Edmonton Exhibition Association.

In addition to the Annual Sheep and Swine Shows there will be a sale of show-cloth registered Shorthorn female sires.

Nickel and chromium plating can be kept bright by being wiped with a damp cloth or with kerosene in many war, mining and drying.

NATIONAL REGISTRATION OF WOMEN IN CANADA
Sept. 14 to Sept. 19, 1942

THOSE WHO MUST REGISTER

All females born between January 1, 1918 and December 31st, 1929, inclusive, who are not now in possession of Unemployment Insurance Cards Form 411 or 413 (Illustrated below). Also all those who have such cards in their possession but who are not employed in insurable employment.

WHERE YOU MUST REGISTER

You must register at your nearest Selective Service Office (formerly the local Employment & Claims Office of the Unemployment Insurance Commission), or a location set up for your convenience. If you reside in a rural area, you register at your nearest Post Office.

THE DATE OF REGISTRATION

You may register at any time between Monday, September 14th, and Saturday, September 19th, 1942.

THOSE WHO NEED NOT REGISTER

Inmates of institutions such as hospitals and mental hospitals and members of religious orders. Those in possession of either of the two Unemployment Insurance Cards Form 411 or 413 (Illustrated) and who are now employed in insurable employment.

NOTE: If you are now unemployed, you will be required to register. If you are employed, you must register by September 19, 1942, if you are not registered by September 19, 1942, you will be required to register by September 19, 1942.

GOVERNMENT INSURANCE IN CASE OF WAR DAMAGE TO PROPERTY

OWNERS OF PROPERTY ARE URGED TO INSURE AGAINST LOSS BY ENEMY ACTION

The Government of Canada, by Act of Parliament, has set up a Plan of War Risk Insurance against damage to property caused by enemy action—by countermeasures taken against the enemy—by explosions of war munitions handled by third parties.

In terms of general information, it may be stated that the Plan provides a certain limited FREE COMPENSATION for damage to owner-occupied homes and to chattels, but the main feature of the Plan is that owners of most types of property can protect their property by PURCHASE of GOVERNMENT WAR RISK INSURANCE at very moderate rates.

This type of War Risk Insurance is not being sold today by private insurance companies, because of the risk involved. Consequently, the Government has established a national scheme to make it possible for each citizen in Canada to purchase the sense of security that comes from knowing that if his property does suffer war damage (and the war has come much closer to Canada in the last twelve months) he can call on the resources of Canada to help him make good his property loss.

HOW TO OBTAIN GOVERNMENT WAR RISK INSURANCE

The Fire Insurance Agents and Companies of Canada have volunteered to the Government the services of their extensive facilities and personnel, on a non-profit basis, thus avoiding the setting up of the large organization that otherwise would be needed to handle details of this nation-wide Government War Risk Insurance scheme.

YOUR FIRE INSURANCE AGENT OR COMPANY WILL GLADLY SUPPLY COMPLETE DETAILS OF THIS GOVERNMENT INSURANCE PLAN.

THIS ANNOUNCEMENT IS PUBLISHED so that the public may have notice of the Government War Risk Insurance Scheme. The information given here is intended to be a complete review of the Scheme. Full details regarding conditions, exclusions, etc., is available elsewhere.

TO HOME OWNERS, HOUSEHOLDERS AND OTHERS

Limited free compensation is provided under the Act for War Damage by enemy action, up to \$5,000. Damage to property of \$100 or more, up to \$5,000. Damage to property of less than \$100, up to \$500. Damage to property of less than \$100, up to \$500. Damage to property of less than \$100, up to \$500.

No police are needed in this classification but insurance added to the other forms of insurance may be purchased.

For more information, contact your Fire Insurance Agent or Company for complete details.

ORDER FOR AUSTRALIA

Britain Has Called For 50,000 Tons Of Dehydrated Meat

Following the success of an expedition dispatched to the United Kingdom, the British Government has called an order for Australia for 50,000 tons of dehydrated meat, which is the equivalent of 10 million pounds of fresh meat.

Development of this new industry will be of tremendous importance to Australian graziers, says the Australian News Letter. It will provide an extra 12 million acre yield because it is not profitable to send the meat to the market for fresh meat.

Furthermore, it will provide a highly concentrated food source, will be easy shipping difficulties and make the United Kingdom to get vast quantities of processed meat which will keep industry. Exports from Australia have been increased by dehydrated meat will keep for six weeks without any covering of wax, and is sealed from air can be stored indefinitely without refrigeration.

Dehydration reduces the weight of the meat by 75 percent. The process is accomplished by the use of heat and vacuum to remove the water content of the meat. About 50 percent of the meat is lost in the process, but even very poor sheep can be fed provided they are healthy and are not overgrazed on the range.

Dehydrated meat is a nutritious product and is considered as a standard as one of the most important in the world. It is a source of high protein, and it is very easy to digest. It is a source of high protein, and it is very easy to digest. It is a source of high protein, and it is very easy to digest.

Still Maintain Liberty

Switzerland Has Been A Democratic Country For 801 Years

More than 250,000 people have paid homage to a national ideal—the idea that men do have to speak the same language to find in harmony as a nation, that free men are capable of defending themselves, and that democracy is the best form of government.

These people know what they were doing, for the idea has worked for 801 years. It works today although their land is surrounded on all sides by an enemy who stands for the culture of a nation, they have shown the world that free men can live together in harmony as a nation, that free men are capable of defending themselves, and that democracy is the best form of government.

It was on Aug. 1, 1801, that the Swiss people voted to remain a free and independent nation. The Swiss people voted to remain a free and independent nation. The Swiss people voted to remain a free and independent nation.
